Girl, Woman, Other by Bernardine Evaristo is a stunningly original and powerful novel that follows the lives of 12 black British women. It is a must-read for anyone interested in contemporary fiction, women's literature, or black history.

The novel is divided into 12 chapters, each of which focuses on a different woman. The women come from a variety of backgrounds and experiences, but they are all connected by their shared experiences of being black and female in Britain. They are mothers, daughters, sisters, friends, and lovers. They are successful, struggling, and everything in between. They are complex and multifaceted characters, and their stories are both heartbreaking and inspiring.

Evaristo's writing is lyrical and evocative, and she brings her characters to life with vivid detail. She is not afraid to tackle difficult subjects, such as racism, sexism, and homophobia. However, she does so with compassion and understanding, and her characters are always treated with dignity and respect.
