## Optical Illusions: Bend the Reality

Prepare to defy the laws of perception with a captivating collection of optical illusions. From the Ames Room, where objects appear to change size depending on their position, to the famous Müller-Lyer illusion, where lines of equal length seem different, these illusions will challenge your very senses.

## **Psychological Tricks: Mind Games and Manipulation**

Delve into the fascinating world of psychological tricks, where perception, memory, and even emotions can be manipulated. Learn how to influence thoughts, create false memories, and even predict behavior. These tricks will not only amaze your friends but also offer valuable insights into the inner workings of the human mind.

# 13 Useful PSYCHOLOGY TRICKS That You Need To Know

**If you believe a person doesn't like you, ask if you can borrow his pencil or pen.**

On one hand, people tend not to help those whom they don't like, but on the other hand, it's such a small favor that your 'hater' most likely won't be able to say 'No'. Eventually he will come to the conclusion that you're not that bad.
